HOW TO GET TO WILSONIAN SAILING CLUB FROM THE WEST (M26 or M20)

From the West on the M26 or M20 leave the M20 motorway at Junction 4 and go left on the A229 towards Snodland and Cuxton. Once the A229 has past through Cuxton the road reaches a roundabout where you take the first left taking signs for the M2. You will go down a short hill and then at the roundabout take the first exit which leads you on to the M2 towards London. Stay in the left hand lane and take the first exit off the M2 (Junction 1) and head on the A289 towards Wainscott.

From the Wainscott bypass take the A228 road towards Grain. Just after climbing a fairly steep hill with a road bridge over it the road drops down to a roundabout. Take the second exit, signposted "Hoo St. Werburgh" and then the first exit at the next roundabout. You are now in Main Road.

N.B. These roundabouts are part of a new road layout completed this year (2006). At present most printed maps, online maps and SatNav systems still show the old layout.

After approximately 700 metres and just before you reach Hoo swimming pool, there is a traffic island. Immediately after the island, on the right hand side is a private track flanked with black, white and yellow posts. This is the entrance to Church Farm and takes you to the sailing club.

If you reach a mini-roundabout you have just passed the farm entrance. Use the roundabout to do a U-turn and take the first track on your left.

Follow this track to the top of the hill (observing the 15mph speed limit) and then follow the unsurfaced track in front of you to the club car park. Walk down the track through the wood to the clubhouse and dinghy park and ask for the Duty Officer.
